

Special Training Event: Focusing on Oil & Gas and Associated Activities

Attend Global OSHA Course #345 Authorized Gas Tester Via Live Webinar for Global Participants

Dates/Times: Friday & Saturday February 24-25, 2023

Saudi Arabia, Kuwait, Qatar, & Bahrain (Arabia Standard Time): 17:00 - 21:00 hrs.

UAE & Oman (Gulf Standard Time): 18:00 - 22:00 hrs.

Egypt (Eastern European Time): 16:00 - 20:00 hrs.

Nigeria (West Africa Time): 15:00 - 19:00 hrs.

United States (Central Daylight Time): 08:00 - 12:00 hrs.

Tuition: \$179

This course provides instruction for participants to be capable of identifying existing and predictable hazards related to gas testing in the surroundings or working conditions which are unsanitary, hazardous, or dangerous to employees. Topics include the following:

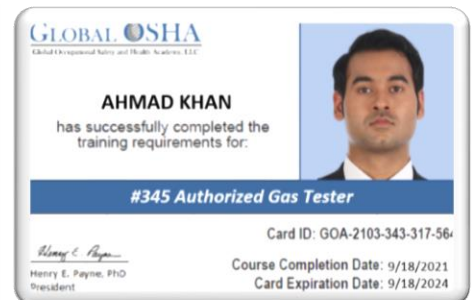

- Hazards related to flammable and toxic gases
- OSHA standards & other industry requirements
- Occupational Exposure Limits (OELs)
- Confined space requirements
- Oxygen deficient and enriched atmospheres
- Gas testing equipment, procedures, and frequency
- Gas testing equipment selection, calibration requirements, and precautions
- Gas density behaviors; natural buoyancy
- Risk assessment, risk controls, and safe systems of work for hazardous atmospheres
- Personal Protective Equipment (PPE) requirements
- Roles & responsibilities of Authorized Gas Tester and other related information

Upon successful completion of this course, students will be issued a course completion certificate and a course completion wallet card with embedded digital badge. Authorization status is valid for three years.

Contact hours: 8.5 Continuing Education Units (CEUs): 0.9
