

Global OSHA Online Training

Minimum System Recommendations

- **CPU:** 2 Gigahertz (GHz)
- **Memory:**
 - 2 GB RAM (32-bit)
 - 4 GB RAM (64-bit)
- **Operating System:**
 - Windows 7
 - Mac OS X 10.7
 - iOS 6
 - Android 4
- **Screen Resolution:** 1024×768
- **Browser:**
 - Internet Explorer 11
 - Chrome Current and (Current-1)
 - Firefox Current and (Current-1)
 - Safari Current and (Current-1)

Current and (Current-1) means that the LMS supports the current stable version of the browser and the preceding version. For example, if the current version of a browser is 24.x, we support the 24.x and 23.x versions.

- **Internet Connection:**
 - *Audio Only Chalkboard:* 512Kbps dedicated download and 256Kbps dedicated upload
 - *Small Video Chalkboard:* 512Kbps dedicated download and 256Kbps dedicated upload
 - *Large Video Chalkboard:* 1.5Mbps dedicated download and 256Kbps dedicated upload
 - *Video Only Chalkboard and Full Screen HD Video:* 2.5Mbps dedicated download and 256Kbps dedicated upload

Please keep the following in mind:

- These are minimum system recommendations and other environmental factors may impact your course delivery performance.
- Be sure to close all other tabs, browsers, and programs while streaming your content.
- It may help to hard wire your Internet connection instead of using a wireless network connection.
- While the LMS may run without issue in older operating systems and browser versions, these are not actively tested and we may not address bugs that appear when operating within these older environments.
- Contact Global OSHA at info@globalosha.org if you have any questions about your specific environment or if you are experiencing any technical difficulties
